Greetings to you in Jesus name.

Congregation are very, very happy to have this fellowship lunch after the communion service on Sunday. Menu is chicken briyani, mutton gravy, with egg and sweet. After a long time, they are having this special lunch, which God enabled me to serve them. I praise God for this and his provision. It cost me \$200/= one meal for 80 people. Next month i am planning to take them for Church Retreat and outreach ministries. God blessed our congregation with joy and gratefulness. Thanks for your prayers and support. God bless you all. Greetings to you in Jesus name.

These are pictures of communion service. Youth involvement in fellowship lunch, for which people are longing for food.

After I returned from U.S., I started my personal evangelism, visiting the homes of the other faith, praying and sharing the gospel. This personal evangelism is very effective and safe, due to political situation in our country. Me and the Church praying for you all. Please do keep us in your prayers.
