Pastor's Letter

*"To offer
hope to
our
communit
y and
world
through
the Good
News,
and to
make
disciples
of Jesus
Christ"*

*based on
Matthew
28:19*

On Memorial Sunday & Day (May 29/30th.) we remember loved-ones, who have passed; by visiting graveside, recalling the ones who have touched our lives, and some family members, about whom we have only heard. We go year after year to those same places in honor and respect. God calls us, the living to be accountable. Life is a series of tests and examinations. As we advance and achieve in many areas of life; we all are called upon to be faithful, no matter what our job or calling may be.

In the past week we also celebrated graduations; congratulating those who have completed their courses and advance in life's journey. I remind everyone that we must seek God in all we do. God is at work in and through you; through each of us. Be God's witness in the world. We do not work in our own strength and power; God gives us the power and ability to do the work by the Holy Spirit. God sent the Holy Spirit on the **Day of Pentecost** to empower The Church. (Acts 2:1-11)

This year we observe **Pentecost on Sunday June 5th**, it is **the fiftieth day following Passover**, and the time of Jesus' Resurrection. Pentecost is a Jewish holiday, which celebrates the spring harvest. On Pentecost, Jesus sent the Holy Spirit to the Church; as He promised. God's power is given, so that the work that Jesus began could continue; we continue God's work today with the same Holy Spirit sent from Heaven. The Spirit works in us to produce a harvest of souls for God's kingdom.

This year The East Ohio Annual Conference will be **June 9-11** in Akron, Ohio at the John S. Knight Center. For the first time in two years, because of Covid, we will be able to meet face to face; meeting with friends and colleagues, joining in worship, celebrating the lives and ministries of those who served faithfully. Some retiring, and others who have entered *The Church Triumphant*.

and vote on issues that effect our congregation. As a reminder, what we vote on doesn't effect the general Church world-wide; those issues are to be voted upon in 2024 at General Conference in Minneapolis, MN. John Grabianowski will be Caldwell's lay-delegate, along with Cathy Crock and Jody Pollen-Watson as District lay delegates; I (Pastor Jeff) have to be in Akron on June 8th, for Clergy Session, and represent Caldwell Church. Please keep us in prayer as we travel and spend these days together.

As followers of Jesus Christ, our authority and standing comes from God, Jesus himself, and the Holy Spirit working in us. The work of God the Father, Jesus the Son, and the Holy Spirit, the **Three in One. The Holy Trinity** - joined with the Church; in us, working in and through us. The Sunday after Pentecost is usually celebrated as **Trinity Sunday** (June 12th.) reminding us that God is at work in our world, through us the Church, the *"body of Christ."* [Trinity is a theological word The Church uses to describe who God is.]

Fathers' Day is June 19th. a day to honor our dads for the love, discipline, hard work and presence in our lives. Dad's do not always get things right; sometimes they[we] learn along the way life's lessons as children [sons and daughters] grow; as children, we learn to love our dad, even thru the hard times of discipline, and then learn the greater lesson of forgiveness, and being forgiven. Some earthly fathers are absent, and not involved in the lives of their children; it leaves a void and emptiness. God our heavenly Father, loves us, disciplines us, and forgives us, teaching us to forgive and love one another; this is how grace works; grace makes life complete.

Blessings in the Name of the Father, The Son, and The Holy Spirit.

Fire Destroys a Church's 142-Year-Old Sanctuary but Not the Spirit or the Mission of the Congregation

A camera mounted on city hall shows that lightning struck Coshocton Grace UMC at 9:23 a.m. on Friday, May 20. At 10:04 a.m. Seven fire departments, and more than 70 firefighters battled the flames shooting through the roof of the sanctuary. Thankfully no one was in the building, and no one was physically injured. But many, many people in and outside of Coshocton are in considerable pain over the damage caused by the fire at **Coshocton Grace United Methodist Church** (Three Rivers District).

District Superintendent the Rev. Kelly Brown, whose office is across the street from the church, said seeing people in pain as they watched the flames shooting out of the roof as firefighters sprayed water through the shattered stained-glass windows was an emotional experience.

“It was emotional to see the building in flames. It was emotional as church members began to come and see what was happening and were overcome, and it was emotional to see the outpouring from the community.”

After the flames had been extinguished officials from the state fire marshal's office and the county's disaster response team and the church's Brotherhood Mutual insurance agent went into the church to assess the damage. Shortly after entering the building one of the officials ran outside to bring Pastor Quillen into the parlor. There on a table, untouched by the flames that destroyed the sanctuary above it and the water that stopped the spread of the flames but flooded the parlor, sat a painting of Jesus Christ.

Quillen told the congregation, “This picture is a reminder that Jesus is with us. It doesn't matter what else is going on, Jesus is walking with us, and he is walking with us through this time of fire and rebirth.”

Editorial Note:

Just a few years ago, my home church at Lower Salem UMC took a lightning strike to the steeple during a storm. But for the Grace of God, we too, could easily have lost our church building. But, our building was spared and only suffered some minor damage to the steeple and a blown electrical circuit or two. We understand and appreciate what a blessing we were given that day in not losing our church building to the fire. The lesson learned...never take anything for granted, but know that God is there and life goes on.

Hello June!

*"It is the month of June, The
month of leaves and roses, When
pleasant sights salute the eyes
and pleasant scents the noses."*

~ Nathaniel Parker Willis

June 6, 1944 - D-Day, the largest amphibious landing in history, began in the early-morning hours as Allied forces landed in Normandy on the northern coast of France. Operation Overlord took months of planning and involved 1,527,000 soldiers in 47 Allied divisions along with 4,400 ships and landing craft, and 11,000 aircraft. The Germans had about 60 divisions spread along France and the Low Countries. American forces landed on two western beaches, Utah and Omaha, while British and Canadian troops landed farther east on Gold, Juno and Sword beaches. By the end of the day 150,000 Allied soldiers and their accompanying vehicles had landed with 15,000 killed and wounded.

June 13, 1966 - The U.S. Supreme Court ruled (5-4) in the case of *Miranda v. Arizona* that an accused person must be apprised of certain rights before police questioning including the right to remain silent, the right to know that anything said can be used against the individual in court, and the right to have a defense attorney present during interrogation. American police officers now routinely read prisoners their 'Miranda' (constitutional) rights before questioning.

June 14, 1951 - Univac 1, the world's first commercial electronic computer was unveiled in Philadelphia. It was installed at the Census Bureau and utilized a magnetic tape unit as a buffer memory.

June 25, 1876 - General George A. Custer, leading 250 men, attacked an encampment of Sioux Indians near Little Bighorn River in Montana. Custer and his men were then attacked by 2000-4000 Indian braves. Only one scout and a single horse survived 'Custer's Last Stand' on the Little Bighorn Battlefield. News of the humiliating defeat infuriated Americans and led to all out war. Within a year, the Sioux Indians were a broken and defeated nation.

ASG FUN FACTS

What Is the Mystery Flavor of Dum Dums?

The Dum Dums wrappers with question marks was a marketing idea that made the production process run more smoothly and made eating Dum Dums more fun.

The Mystery Flavor pop is a mixture of two flavors that come together when the end of one batch of candy meets the beginning of the next batch. Rather than shutting down to clean out the candy equipment between flavors, Spangler Candy Co. turned lemons into lemonade and made pops out of the combination of flavors – the tail end of the old, and the beginning of the new. The candy lines keep running continuously, and thus, the Mystery Flavor pops are a surprise treat every time.

ASG FUN FACTS

How Many Licks It Takes to Get to the center of a TOOTSIE POP?

Engineering students from Purdue University created a licking machine that mimicked the human tongue and the licking motion.

They then tested this machine against real tootsie pops with the results being an average of 364 licks to get to the center of the tootsie pop licking from only one side constantly.

National Camping Month – June 2022

Camping is the perfect way to reconnect with nature and yourself. Camping is also a very popular summer activity that keeps young children engaged outside of school. Enjoy camping however you want and rough it by leaving all modern amenities behind to get a detox from the hustle and bustle of everyday life. It's as simple as that. While we may not always have the time or resources to go on a proper vacation, camping is a simple and budget-friendly way to take a break from the monotony of life.

National Dairy Month – June 2022

National Dairy Month now acts as a reminder of the health benefits that dairy products provide. They contain essential nutrients — including calcium, potassium, vitamin D, and protein. They also reduce the risk of high blood pressure, osteoporosis, and certain cancers, while helping us to better manage our weight. Kick start each day with nutrient-rich dairy products and start your summer on a healthy note.

National Pollinators Month – June 2022

National Pollinators Month in June brings attention to the importance of the relationship between pollinators and plants. Pollinators are insects and animals that transfer pollen from one plant to another. This pollen transfer leads to plants being able to produce fruits, vegetables, and nuts. Pollination, thus, is a crucial method through which humans and wildlife get their food resources. Research studies estimate that about 75% of the food sources in the world are dependent on pollination. However, due to increased pollution and invasive non-native plantations, pollinators like bees and wasps are in danger of extinction.

Bees carry pollen in a pollen basket on their hind legs, which is also called a corbicula. Bees pollinate about 130 crops in the U.S., adding about 14 billion dollars every year to crop yield. To produce about two pounds of honey, a honeybee has to fly 90,000 miles, which is equivalent to going around the world three times.

National Rose Month – June 2022

Roses have long held a special place in everyone's hearts and hold a prominent place in history as well. In the United States, the rose is the national flower and a state flower of five states. This beautiful flower has surely earned its place in everyone's minds and hearts. The world's largest rosebush spreading over an arbor covering over 9,000 square feet can be found in Tombstone, Arizona. The rose is the masterpiece of all flowers. It is widely used as a symbol for expressing love, poetry, art, and much more. The unique versatility of the rose merits a month-long celebration in honor of the flower. There are numerous colors of roses, howev-

The rose is more than just a pretty flower and is packed with medicinal properties. The petals contain polyphenols and antioxidants that help to protect the body from cell damage. Moreover, the polyphenols in rose tea aid in reducing the risk of heart disease, diabetes, obesity, and cognitive diseases.

Memorial Day – May 30, 2022

The last Monday in May serves as a time to honor those who died while fighting in the U.S. Armed Forces. It's a holiday steeped in somber American history and tradition. The day actually began as "Decoration Day," following the Civil War, when mourners placed flowers on the graves of Union and Confederate soldiers. Yes, Memorial Day has also come to signify the "unofficial" start of summer, but let's remember the heroes who made it all possible.

620,000 – the number of soldiers who died on both sides of the Civil War.

260,000 – the number of graves at Arlington National Cemetery adorned with flags in 2019.

45 million – the number of men and women who have served in a time of war for the U.S.

3 P.M. – the time of day when a moment of silence is observed by Americans throughout the country on this day.

How Our US Flag Got It's Start

When the American Revolution broke out in 1775, the colonists weren't fighting united under a single flag. Instead, most regiments participating in the war for independence against the British fought under their own flags. In June of 1775, the Second Continental Congress met in Philadelphia to create the Continental Army—a unified colonial fighting force—with the hopes of a more organized battle against its colonial oppressors. This led to the creation of what was, essentially, the first "American" flag, the Continental Colors.

For some, this flag, which was comprised of 13 red and white alternating stripes and a Union Jack in the corner, was too similar to that of the British. George Washington soon realized that flying a flag that was even remotely close to the British flag was not a great confidence-builder for the revolutionary effort, so he turned his efforts towards creating a new symbol of freedom for the soon-to-be fledgling nation.

On June 14, 1777, the Second Continental Congress took a break from writing the Articles of Confederation and passed a resolution stating that "the flag of the United States be 13 stripes, alternate red and white," and that "the union be 13 stars, white in a blue field, representing a new constellation."

PRAYER CONCERNS

Those sick and in the hospital, and our shut-ins; for those we love who are in care centers, assisted living and nursing care. We pray for our Nation, to bring healing, to help us find peace and direction for the days ahead. We pray for the situation in Ukraine and all it's people. We pray for Pastor's, Church leaders and congregations as we shine the Light of Christ and the

Love of God to a world in need. We pray for our school students, teachers and staff .

We remember the inmates and staff at NCI. We pray for special unspoken requests,
and for each other. In Jesus Name we pray. Amen
