Blessings Caldwell Church family and friends

Well, the season is changing, the Noble Co. fair has been here and gone, Labor Day is in the books; fall is in the air, school is back in session, we really don't slow down, our schedules refocus for school, work, and hopefully church activities as well. It is important to place worship, Church events and Christian learning on our agendas and calendars, so to stay focused in our spiritual life with Christ. Without planning, our spiritual lives, and daily routines, we wear ourselves thin. The work we do is important, but we are to remember that God, The Creator designed the Sabbath Day of Rest as a way to be re-creative, so to maintain that which is "good, "it was "very good."

This weekend we will celebrate "Back to Church Weekend," an outdoor event designed for music, food, fun and fellowship; being invitational to our church family and community is important. Asking people to come to Church and be active. Our music will be by The Mackie's & friends, our food will be prepared by Hog Hollow: Pulled Pork, Chicken, along with side dishes prepared by our church members; The menu will be by donation to go for our elevator building project. Yes! this is still in our future. (takeout will be available, also.) Come and have a good time in Christian fellowship.

We will gather for worship at our regular times on Sunday (8:00 a & 10:30a) and for Sunday school classes ( 9:00 a). We are planning extra singing on this day to help us praise The Lord!

This weekend also marks the 20<sup>th</sup> anniversary of the Sept. 11, 2001, tragedy in New York City, at the Pentagon building, and with Flight 93 in Shanksville, PA. Many lives were taken that day, families changed forever, heroes stood tall, and our nation and the world has seemed to be on alert to this day. We see and hear its effect in the news daily. We remember and pray for the grieving, those whose scars are still healing, and for peace in this world. Some may ask where was God that day? I am reminded that God is in control, the world is out of control, but through faith in Jesus Christ, we can find peace and rest in the midst of all life's circumstances. Jesus gives us peace.

**Let us find joy and peace in the rest that Christ gives**

Where is Patty going? Start at the arrow and trace Patty's path with a crayon or colored pencil. Follow the open path without crossing any of the lines. When you have traced her way to the door, look at the puzzle and read what you have written.

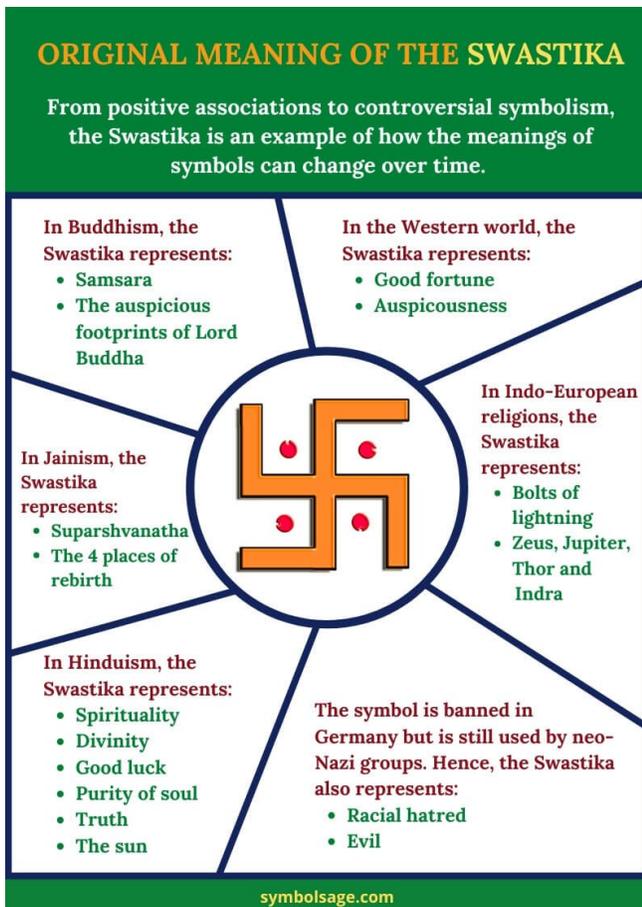

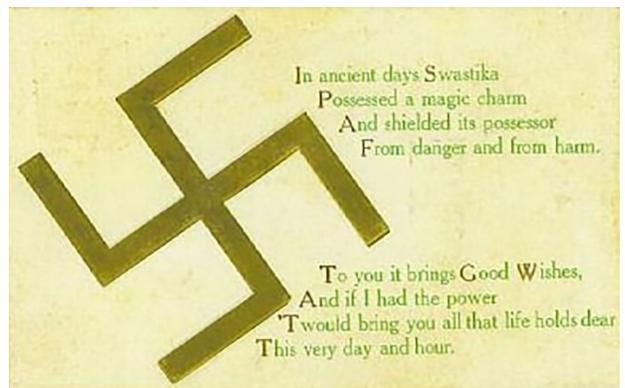

September is Apple Month

1. There are over 7500 different types of Apples!
  2. "Red Delicious" is considered as the best apple variety!
  3. Apple is rich in many vitamins and nutritions!
  4. It requires around 35 apples for 1 gallon of apple cider!
  5. Apples CAN poison you!
- Apples can poison but only when certain conditions are met. Actually, apple's core seeds contain poisonous cyanogenic glycosides. Some studies claim that you need to eat 200 apple seeds or only 20 apple cores to receive a fatal dose.
- 6.. Apples are 25% air! That's why they float!
  7. Apples belong to the 'Rose' family!

Symbols, like all of man's creations, can be used for good and evil. Originally the swastika had only uplifting and pure implications. Then Hitler turned it into a symbol of hate and evil.

In the spirit of unity, perhaps we should suspend our discussion on the tough passages of Scripture until next week.

Monday morning Bible Study will resume **Sept. 13 at 9AM** in the fellowship hall. Darcy Coggins will be the class leader. We'll be meeting "The bad girls of the Bible". Some are bad for a season, bad for a reason, or bad for a moment, and a couple are bad to the bone! Bring an expectant heart, a prayerful spirit and your Bible! Each week we'll meet a different gal, so come every Monday morning or the Monday's you can.

**International Sudoku Day – September 9, 2021**

International Sudoku Day takes place, of course, on September 9 (9/9). Sudoku enthusiasts will no doubt notice the date's symbolism. The goal of the Sudoku game is to fill a 9x9 grid so that each column, row, and 3x3 sub-grid contains all the digits from 1 to 9. So nine-nine is the natural choice for the day of celebration. It's time to get your brain into gear because although today is most definitely a cause for celebration, some hardcore logical thinking will be required.

## Patriot Day – September 11, 2021

### 20th Anniversary

On September 11, Patriot Day gives all of us time to reflect on the devastating terror attacks that took nearly 3,000 lives. We commemorate those who we lost and give thanks to the brave first responders who put their lives on the line. Take a moment today to consider

The impact of this attack was devastating. Around 3,000 lives were lost between plane passengers, those in the buildings that were struck, and front-line workers trying to save people. It was the biggest act of terrorism ever in the United States.

On Patriot Day, U.S. flags are lowered halfway, and there is a country-wide moment of silence at 8:46 am (Eastern Daylight Time), which is when the first plane crashed into one of the Twin Towers. Although the attacks were in the U.S., Patriot Day is recognized worldwide as the news devastated and impacted people all over.
